SATYAM INFRA RED DRIER

Satyam Infra Red Drier at Bohra Hyundai, Faridabad

- The 3000DS model has three 1 KW Glare Control lamps, fitted into three individual cassettes. Unit is equipped with an ultrasonic distance indicator allowing it to be correctly positioned.
- Even an unskilled technician can use it very easily.
- Lamps emit short wave infrared heat ideal for optimizing drying of waterborne paints.
- This flexible system allows each cassette to be adjusted and locked into position around the contours of the vehicle body, ensuring maximum area coverage.
- Height adjustment is made using the high performance locking gas strut, offering a near weightless movement to the cassette support arm.
